

“responding to the changing
needs of people with
learning disabilities”

Projects

CARE is committed to a vision of a world that welcomes inclusion for all. This permeates through all of our plans for the future and is the driving force behind the many projects that we have in place across the country.

To find out more about some of our newest projects, take a tour through the list below, but if you require further information or would like to get involved, then call our Communications Department on 01732 782711.
